Product Description

Key features
Focus images in an instant. LaserSharp™ Auto Focus uses a built-in laser distance meter to calculate and display the distance to the target and instantly adjust focus.
See small details in images and find anomalies faster with images up to 640 x 480 resolution.
See more detail as you adjust the infrared and visible light levels with IR-Fusion™ technology.
Manage data, record multiple measurements (mechanical, electrical, and thermal), and organize them with Fluke Connect™ tools and software.
Premium optics transmit energy and deliver high-quality infrared images. Fluke uses only 100% diamond-turned germanium lenses with special coatings.
