# NLX20, Nord-Lock X-series wedge-locking washers, 100 pairs per pack

Item **06LGU66493** Mfr. Model **-**

## Product Details

| | |
|---|---|
| Brand: **NORD-LOCK** | T(mm): **5.9** |
| Material: **Steel** | Material standard: **EN 1.7225 or equivalent** |
| Part number: **NLX20** | Corrosion resistance : **Minimum 1,000 hours in salt spray test (according to IS09227)** |
| Applications: **General steel applications** | Bolt grades: **8.8 and 10.9** |
| Article No.: **2380** | Temperature range: **-40degC to 150degC *Temperature recommendations based on information from the raw material supplier. Locking function not affected within the specification.** |
| Bolt size (Metric): **M20** | Pairs per pack: **100** |
| Inner dia. d (mm): **20.7** | Harmonization Code: **7318210090** |
| Outer dia. D (mm): **30.7** | |

## Product Description

NORD LOCK Wedge Locking Washers / Nordlock evenly distributes head pressure on the surface without damage. They also help ensure that the binder is pressed on a smooth surface to reduce the chance of loosening over time. The washer key bites on the top of the binder and Material: to prevent loosening. Wave washers have irregular shapes that are resistant to loosening and distributing pressure on low-strength binders. Our distribution channels are available in Indonesia, Bekasi and Surabaya.
