Product Description

Key features

Focus images in an instant. LaserSharp™ Auto Focus uses a built-in laser distance meter to calculate and display the distance to the target and instantly adjust focus.

See small details in images and find anomalies faster with images up to 640 x 480 resolution.

See more detail as you adjust the infrared and visible light levels with IR-Fusion™ technology.

Manage data, record multiple measurements (mechanical, electrical, and thermal), and organize them with Fluke Connect™ tools and software.

Premium optics transmit energy and deliver high-quality infrared images. Fluke uses only 100% diamond-turned germanium lenses with special coatings.
