Item **17ICX66299** Mfr. Model **DS-712W**

Product Details

Brand: DR SHRINK	Length (in): 12
Part number: DS-712W	Width (in): 12
Weight (lb): 24	Height (in): 12

Product Description

2" wide by 108' long preservation tape. 10-mil backed tape with UV inhibitors. Designed to not leave a residue, Dr. Shrink's Preservation Tape, also known as "Hull Tape," is a tough, conformable, waterproof tape with a strong adhesive that bonds well to most surfaces through a wide range of temperatures. *IMPORTANT* Although Preservation Tape is designed not to leave a residue, the adhesion is very strong to most surfaces. As with any adhesive, it is possible that the top layer of paint or finish can come off painted surfaces or woods. Clean area thoroughly and test a small area before applying to the entire surface. Clear tape is NOT recommended for usage longer than 60 days. An adhesive residue will result.

Sold individually or 24 rolls/case

Available in white, blue and clear.
